

MA Studies
Terms of registration
American Studies Center, University of Warsaw

General information

1. You can register for ASC courses only through USOSweb. In order to register, please go to <http://usosweb.uw.edu.pl>, click "Log in" at the top right of the page, and enter your login credentials (PESEL number/ID and password). After you've logged in, you will be able to choose the "For Students" section in the main menu and click on "Registrations." Only the ASC registrations (code 42190000) are relevant. If USOSweb displays a message that you don't have access to any registrations, please let us know by emailing usos.osa@uw.edu.pl. To register, please click on the shopping cart icon next to the name of the course or the group that you want to register for.
2. All registrations will be direct and held on a first-come, first-served basis.
3. In the first round of registration, please sign up only for the number of courses specified in your program of studies. If you sign up for more senior research lectures or proseminars than you should, we will have to remove you from the extracurricular course (the last in alphabetical order).
4. You will be able to register for extra courses only in the third round of registration, provided there are any unfilled places in the groups. Please note that if you fail the extra courses, you will still need to pay fees as specified in the "Tuition and fees" document.
5. If you have received a conditional approval ("warunek") and need to retake any courses, please let us know by emailing usos.osa@uw.edu.pl **until June 20th.**
6. If there are fewer than 8 students in elective courses, research proseminars, senior research lectures, and sections groups or 5 students

in MA seminars **the courses and groups will be withdrawn from the plan after the first round of registration.**

7. In rare cases, if you have an important, well-founded reason to register for a course outside USOSweb, you can file a request to the ASC Counselor for Students' Affairs. In order to do so, please:

- a. File a request in USOSweb, specifying the code of the course, the course name, and the reason why you are asking for manual registration.
- b. Obtain a written or email approval of the course instructor. If the group is filled, the instructor must explicitly state that they agree to add you to the group above the limit.
- c. Submit all the documents to the Students' Office.
- d. Wait for a response to your request. If the decision is positive, you will be registered for the course manually. Please keep in mind that if there are too many students in the group, the Counselor may reject your request even if the instructor agrees that you join the group.

8. The Counselor will consider requests filed **only after September 21st and until the end of the second week of classes – so, in the case of this semester, until the end of October 15th, 2026. After October 15th, 2026 no registration requests will be accepted.**

9. Please keep in mind that the token registration for OGUN courses will be going on concurrently. More information about this registration is available at <https://usosweb.uw.edu.pl>.

10. You can check how the classes you registered for fit in with the study program requirements by going to the "Promotions / Zaliczenia etapów" section in USOSweb.
